Unity is **STRENGTH**.

Springwell Care Coordinators working alongside providers in health care settings helped 710 patients receive the long-term services and supports that are improving their health outcomes.

We have added 10 new Care Advisors and direct care staff positions, 2 new Protective Service staff, and 2 additional support staff to our team to increase the numbers of seniors, people with disabilities and caregivers we are able to serve.

**When there is TEAMWORK...**

Our Care Advisor Teams provided care advice and coordination to 4001 individuals. Our Protective Services Team investigated 829 reports of elder abuse. Our Information & Referral Team responded to 12,419 calls for information. Our Nutrition Team delivered 232,416 healthy, nutritious meals. Our Vendor Network provided 910,616 hours of in-home services.

**and COLLABORATION...**

Health Partnerships with Beth Israel Deaconess Care Organization and Harvard Vanguard Medical Associates have placed Springwell Community Care Coordinators in health care settings to help improve health outcomes.

Springwell was named the lead agency for the greater Boston Financial Abuse Specialist Team, helping to respond to increasingly complicated elder abuse cases.

**wonderful things can be ACHIEVED.**

Springwell launched a new, reduced-rate Private Geriatric Care Management service to help fill the gap between state subsidized Home Care and existing private pay services.

The Massachusetts Executive Office of Elder Affairs awarded Springwell a third supportive housing site, making it possible to place a Springwell Care Advisor on-site to coordinate supportive services in low-income senior housing in Brookline.

Thank you for adding your strength to ours. Together, our achievements are great!

---

**Help Springwell continue to thrive!**

The Elder Independence Fund helps us provide small necessities like a bag of groceries for a senior coming home from the hospital. It is funded entirely by private donations. Help us make it grow:

- Tell one new person about Springwell this year.
- Send us a note about how Springwell has touched your life.
- Consider a first-time financial gift or an increase in your giving to Springwell’s Elder Independence Fund this year.

---

**Highlights**

- 11.8% increase in total revenue
- 285 individual donors
- 25% increase in direct grants given to seniors from the Elder Independence Fund.

**Revenue**

$35,459,435

**Expenses**

$34,063,065

- 91% State Contracts
- 3% Federal Contracts
- 4% Private Contracts
- 1% Donations

- 76% In-Home Services & Nutrition Costs
- 19% Program Expense
- 5% Administration & Fundraising

“I’m moved by the generosity of people who give to Springwell. Your support makes it possible for people like me to get the support I need to live at home. What a gift!”

- Nancy, Elder Independence Fund recipient

Springwell Annual Report 2015

The number of people over 65 is growing faster than any other age group in the United States. If current projections hold, by 2050, there will be 90 million Americans 65 and older, an increase from 14% to 20% of the population. In greater Boston, Springwell is a leader in responding to the needs of seniors. We are united in our commitment to build the collaborations and partnerships that our community will require to meet the growing need for services that support seniors in living healthy, independent lives as they age. In 2015, we forged deeper relationships with health care providers, housing authorities, other senior-serving organizations, and violence prevention specialists to improve services in the areas of health care, long-term services and supports, and elder abuse. We also deepened our ties to community partners who provide the philanthropic support that funds current gaps in services to seniors. Together, we strengthened our region’s safety net for seniors, people with disabilities and those who provide care.

UNITY IS STRENGTH.

WHEN THERE IS TEAMWORK

AND COLLABORATION,

WONDERFUL THINGS CAN BE ACHIEVED.

- Mattie Stepanek
